

# OUTSIDE BROADCAST UNITS

## NEP ST 1

### Sound Truck

NEP Sound Truck 1 is a state-of-the-art mobile mixing room. It's excellent for music events of any size. It's geared up with a competent digital console including redundant fiber connections to, up to, four remote controlled 'stage boxes' as well as multi-track recording of 128 channels for rehearsal, recording and mixing. This, combined with a DSP controlled 5.1 monitor system and very good acoustic environment, makes this unit perfect for critical audio work.
